We have issues with our lease and apartment 205. The landlord has promised us to visit our apartment several times on the phone call but he never really responded or showed up. We are still awaiting a solution. Kindly send someone in authority or with decision making power to our apartment or fix an appointment during office hours and we shall have a meeting at the earliest possible. Thanks.
Regards.

Mr. Abe is processing our requests and we discussed all our issues with him yesterday when he visited our apartment.
